Building Coordinators  
Secondary Building Coordinators

Greetings:

Attached you shall find the schedule for fire and evacuation drills until August of 2011 and for the period September 2011 and August 2012. These drills are required by *the Fire Code of New York Sections* F405.1, F405.2, F405.3, F405.4, F405.5, F405.6, F405.7, F405.8, F405.9, F408.3 and F408.3.1 the *fire* code is very specific with timing and number of drill required every year.

This yearly approach to scheduling drills is a new concept. Prior to this we would give emails with a two week window during each drill schedule. We are trying to maximize our productivity and one way to accomplish this is by sending out one calendar for the year instead of emails each time we are scheduled to complete the drills.

**This will be your Official Notification for the year so please mark your calendars with the important dates attached.** Our database *divides* the drills into three categories, Residential *Occupancies*, B1 and B2 *Business Occupancies*. Also included *please find an* alphabetical list by *Occupancy Classification Type* so that you can verify *the proper* category for your building.

As in the past EH&S is willing to work with you and your building occupants if there are specific "special circumstances" Please understand, academic settings, classes and research are not considered special circumstances. In preparing this schedule we have avoided study weeks, exam weeks, etc. Every attempt will be made to do the drills during reasonable weather. This schedule does not include sports camp drills they will be scheduled as the need arises next summer.

You are not required to do anything special for the drill. If you have any questions the day of the drill *do not* hesitate to ask the EH&S staff conducting the drill. Your assistance in the entire drill *is needed*. By working together we can maintain *fire* code compliance and help demonstrate a safe environment for our staff, Faculty and Students. If for whatever reason you have any more questions please contact us at [evacdrill@cornell.edu](mailto:evacdrill@cornell.edu)

Cornell University is an equal opportunity affirmative action educator and employer.
