The University Fire Marshal’s Office of EHS is issuing a fire safety advisory for the Ithaca Main Campus and asking the entire Cornell Community to use extreme caution around dry grasses, shrubs and mulched areas.

The warm weather and dry conditions have increased the risk for fires and we are reminding people to be careful with open flames outdoors, including barbeques, and backyard fire pits, and with the disposal of smoking materials.

We ask that everyone be vigilant when disposing of smoking materials and when using open flames outdoors.

The fire safety advisory will remain in effect for the campus until further notice.

For additional information please contact our office at (607) 255-8200 or visit us on the web at <https://sp.ehs.cornell.edu/Pages/Home.aspx>
